

Fees, at a glance

FEES, AT A GLANCE

One flat fee for the first read of the evidence. No hourly billing, no open-ended engagement.

\$4,500

Includes review of up to 500 pages.
A Strategic Engagement Fee applies.

Pages reviewed	Fee
Up to 500 pages	Included in the \$4,500 fee
Pages 501–1,000	\$4.50 per page
Above 1,000 pages	\$3.50 per page

Every quote is itemized before payment. You see every line — page counts, rates, and the Strategic Engagement Fee — before you commit. No surprises.

How it works

- 1 Upload the medical records through the secure order link.
- 2 We confirm the submission is complete, so nothing is reviewed out of context.
- 3 You see an itemized quote — every line, before you pay.
- 4 You receive the Brief, with a score and a recommended next action.

Turnaround depends on record volume and is confirmed with your itemized quote, before you commit. If new records arrive later, send them in — we will tell you whether they change the analysis and quote any additional review before work begins.
